

God is Creating Something New!

Pull out your old Advent wreath from years past, or make a new one now, and be “prepared to prepare” for what just might be the most spiritually charged Advent season and Christmas celebration you’ve ever had.

To Get ready at your home...all you really need is 4 candles!

No special size, shape, or color. Even battery candles will do! Just need 4 (though some people do choose to have a 5th candle inside the circle of 4 to light on Christmas Day and during the 12 days of Christmas)

You’ll also need some kind of circular base to put them on. Many people utilize pine boughs fashioned as a circle or wreath.

Add other decorations to make your candles personal!
“What kind of decorations?” What do you have available?
Use anything that brings you joy!

For inspiration, Google “homemade Advent wreaths”— you’ll be amazed at how beautiful the simplest of elements can be.

Join with your church family this Advent on Wednesday evenings as we explore the significance of Christmas! And invite your family family, from far and wide to our Wednesday evening Zoom Advent Celebration!
There just might be a surprise or two waiting for you...
